

STANDARD WALL SLEEVES

UNIVERSAL WALL SLEEVE FOR ALL WALL TYPES

Features and technical data:

- waterproof concrete stress class 1, stress class 2
- DIN 18533 W1.1-E, W1.2-E, W2.1-E
- with integrated patch flange for the processing of polymer modified bituminous thick coatings
- can be used in all wall types including element constructions
- break-resistant
- for installation flush with the formwork
- closed ready for installation

concreted UFR with PMBC

UFR in formwork
